---

**Memory**

Think carefully. Concentrate. Remember, make matches, and win!

As the cases are opened one-by-one, calculate the range and mean of those that remain, then determine the probability of having the greatest amount.

**Probability**

Use computer generated hints, logic, and the process of elimination to guess three- or four-digit numbers.

**Logic and Reasoning**

Answer questions and earn points. Or not? Watch out! Don't get KaBlammed!
